**Health Benefits**

- The **Pennsylvania Employees Benefit Trust Fund** (PEBTF) administers your health benefits. The PEBTF will mail information to you directly after you enroll. You must take action to enroll; coverage is not automatic.

- When you enroll in any of the health benefit plans, you will pay an employee contribution on a biweekly basis which is a percentage of your biweekly base gross pay. Employee-paid health benefit costs occur as payroll deductions.

- Your spouse, qualified domestic partner* and dependent children up to age 26 may be eligible for coverage. Not all dependents are eligible for primary coverage; you can read the full eligibility rules online at [www.myWorkplace.state.pa.us > Benefits > Your Enrollment Process](http://www.myWorkplace.state.pa.us). When you enroll your eligible dependents during your first six months of service, you will pay a biweekly dependent buy-up cost in addition to the required employee contribution.
Domestic Partners and children of Domestic Partners who are enrolled by December 31, 2019 are eligible for PEBTF coverage through December 31, 2020.

You are eligible for medical coverage through two Preferred Provider Organization (PPO) options or a Health Maintenance Organization (HMO) available in your county of residence. If you select the Choice Preferred Provider Organization (PPO), you will pay an additional biweekly plan buy-up cost in addition to the required employee contribution.

You are eligible to purchase prescription drug coverage for you and eligible dependents for your first six months by paying a buy-up cost (effective January 1, 2020, changing to 90 days) in addition to the required employee contribution.

As a full time employee, you qualify for prescription drug, dental, vision and hearing aid coverage at no additional cost after you have completed six months of employment (effective January 1, 2020, changing to 90 days). Prescription drug coverage is provided by CVS Caremark. Dental coverage is provided by United Concordia. Vision coverage is provided by National Vision Administrators. Hearing aid coverage is provided by the PEBTF. If you are a part-time employee there are additional costs for prescription drug and supplemental benefits. As a result, you will not be automatically enrolled in these benefits at any time. If you elect medical and/or prescription drug coverage during your initial period of employment, that coverage will continue. To enroll in prescription drug and/or supplemental benefits, you must call the HR Service Center.

Medical, prescription drug, dental and vision providers will send membership cards to you directly; no card is issued for hearing aid coverage. If you do not receive cards within 30 days of enrollment or if you need proof of benefits before you receive the cards, call the PEBTF at 800.522.7279.

Retirement

As an employee hired after January 1, 2019, for a SERS participating employer, you are now enrolled in a “hybrid” retirement plan, in the A-5 class of service. This means that a portion of your retirement benefit will come from a defined benefit pension plan that features guaranteed monthly payments and a portion will come from a defined contribution investment plan, the value of which is determined by the amount of money you earn from your personal investment choices.

You have 45 days during which you could switch to a different class of service in the hybrid plan or give up the defined benefit pension portion of your benefit all together and switch to a straight defined contribution investment plan option. SERS will mail you a welcome package within your first two weeks of employment. Included in this package is a comparison of your retirement plan options and Features and Highlights providing additional information on the defined benefit pension plan and defined contribution/investment plan. This packet contains vital information, so please read the entire packet carefully. You also will receive a letter from Empower Retirement about the defined contribution portion of your retirement.
